

CGI DESIRE PATH PROJECT

12 Paths/12 Months for Community Calendar 2011

The following paths have been selected from those nominated by the Denny/Dunipace community. The sequence of this list is arbitrary; we have not yet decided which path will be featured at which month on the calendar. Biodiversity, heritage and history information will be included in the calendar and we are currently gathering our facts. The deadline for our Photography Competition is 15th September. See flier for rules and details.
